OUR SUCCESSSES & MILESTONES

Over the years, we have witnessed many decisions, changes and improvements. Aside from the core aspects of running any profitable business, being in an industry like print means a world of technological change and advance unseen within many other industry timelines.

Slick Graphics has maneuvered agilely through these changes from the relatively exorbitant purchase of a Xerox Workcentre 5432 in 2022, to embracing offset printing, through to the millions of shillings' worth of machinery and advanced press technology within the building. All of this has been done through the overriding pursuit of high quality, world standard print and a burgeoning awareness of the mark we make on our customers.

OUR TEAM

Our dedicated personnel with experience begin their service the moment you make the first call. The production team is handpicked with extensive experience of Graphic Design, print production and for their creativity and passion. **Slick Graphics** employees are a stretch of professionals and skilled persons including Creative Professionals, Photographers, Graphic designers, Pre-press Designers, Engineers and support staff. Our Production is based on highly experienced staff and our employees rely on research facilities to ensure that they keep up to date with the never ending technological changes in the Printing industry.
